Goals of Small Business Express

- Provide capital, working capital and other funds to small, "Main Street" businesses, to help create jobs in all Connecticut towns and cities
- Provide a good rate of return to Connecticut taxpayers as jobs are created and income tax levied on those jobs
- Stimulate, at the local economy level, to offset the void created when banks and other financing institutions pulled back on lending, post recession

- The Small business Express program (EXP) provides loans and grants to Connecticut's small businesses to spur job creation and growth. An eligible applicant is any small business that meets all of the following criteria:
 - Employ not more than 100 employees
 - Have operations in Connecticut
 - Have been registered to conduct business for not less than 12 months
 - Be in good standing with all state agencies
 - Be current regarding the payment of all state and local taxes
- Some funding is being provided through MAA (Manufacturing Assistance Act)
- Data as of 12/31/12

EXP Assistance Has Gone To A Wide Variety of Businesses

Geographic Disbursement

Industry Mix*

Business Mix (Women/Minority-owned)

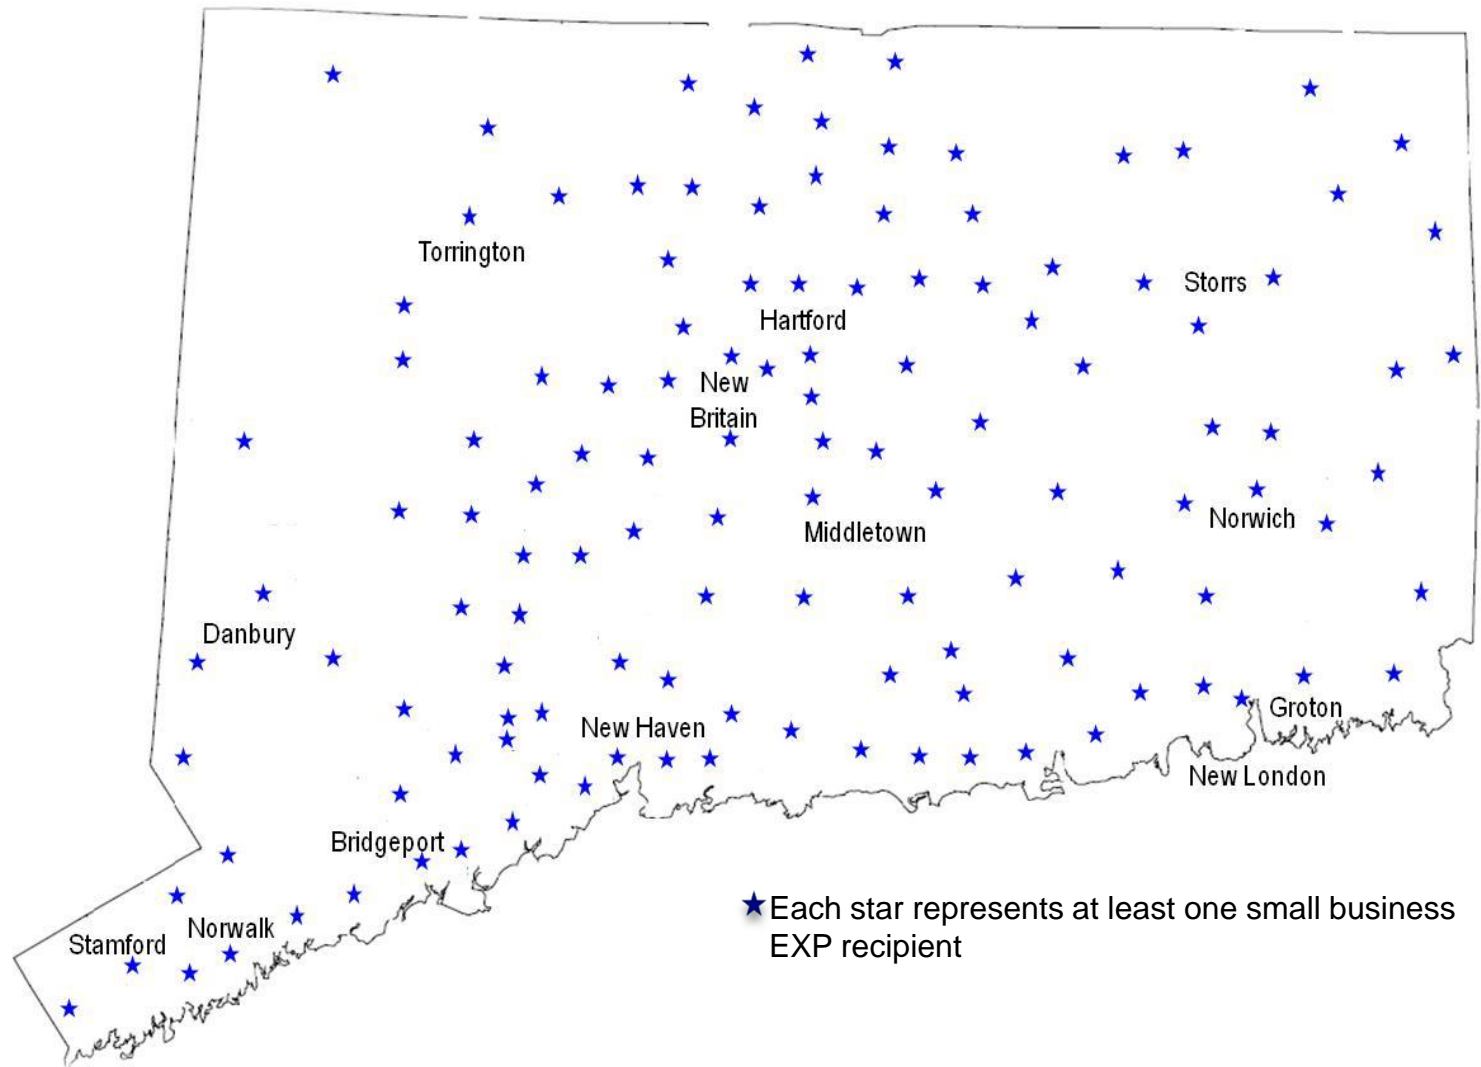

Total businesses assisted - 494

- Areas in the state (Hartford/Fairfield/New Haven Counties) with the largest employment submitted the majority of applications for EXP, roughly in-line with employment rates.
- The industry mix reflects the economy in Connecticut, with a focus on main-stream employers. For three sectors, (Manufacturing, Construction and IT), EXP recipient pool represents more than twice the state's current job percentage.
- Of the total of 494 businesses, 101 (21%) applied for and received both a grant and a loan.
- Loans are structured to provide repayment of principal and interest over 5 to 10 years. Already DECD has received \$412,130 of loan principal and interest.
- All levels of jobs, from entry level to PhD, are included in EXP.

* - **Construction:** Contractors, carpentry, excavation, flooring and electrical
IT/Computer/Technology-Software: fiber optics, computer services
Healthcare/Bioscience: Homecare, medical devices, doctors
Business & Financial Services: Accounting, consulting, legal and management services
Insurance
Manufacturing
Main Street Retail: Hardware, automotive, child care, laundry, gym/fitness, grocery store
Hospitality/Entertainment/Tourism: Restaurants, amusements operations, golf, museum, racetrack, lodging
Specialty Products/Services: Funeral services, wholesalers, distributors, transportation, packing and shipping
